

Sage FAS Barcode Reader: Intermec® CN3 Bronze Complete Extended Warranty

The Intermec CN3 **Bronze® Complete Support Service*** is a unique, prepaid program that extends normal wear and tear coverage by including accidental breakage during normal use of your Intermec CN3. Purchased within 30 days of your Intermec hardware, this three-year service agreement can significantly reduce your unexpected repair charges —helping to ensure both peace of mind and investment protection.

This service includes all parts and labor required to restore your device to its original condition, including cleaning, calibrating, and replacing all failed components. To ensure that the performance of your Intermec CN3 meets your needs, damaged covers, keypads, or triggers will be replaced in most cases, even if they weren't the reason for the failure.

The Bronze Complete Service Support Plan is designed for customers who want the same high-quality repair service, as with the Standard Warranty, with a quicker turnaround time and the added benefit of incidental damage coverage.

COVERAGE: STANDARD WARRANTY vs. BRONZE COMPLETE WARRANTY*

	Standard	Bronze
External plastics		■
Cosmetic repairs		■
Displays		■
Keyboards		■
Exit windows		■
Triggers or faulty internal devices that occur during usage		■
